

# Course Proposal

<b>Course</b>	<i>From the Web with Love...and action and music</i>
---------------	--

<b>Course Details- MP3, MPEG, AVI, OGG, MPG, VCD, VOB, DIVX - File Sharing on the Web</b>	<b>Maximum Number of Students</b> (eg: 8, 10, 15)	15
<p>We learn about file compression and codec, formats and extensions, associated software and speed trade-offs. And the JARGON. Ultimately, it's about how to get the most from a new industry of LEGAL FILE SHARING - how they work and how to use or avoid them. We expose the dangers in – BLOGs (yours and theirs), BBC, eMail, Newsgroups, Web Sites, FTP, IRC, IMS, P2P, FSN, Adware, Freeware, Shareware, Warez. Understand the jargon, survive a legal and ethical battlefield, and reap the benefits of this new industry.</p>	<b>No. of sessions</b>	1, 4
	<b>No. of hours per session</b>	6-8 , 2
	<b>Day/ Evening/Weekend</b>	D,E,W
	<b>Times</b>	
	<b>Prerequisite knowledge –.</b>	
<b>What participants are required to bring.</b>	Thumb drive,	
<b>Resources or equipment required for this course by the college.</b>		

**ADDITIONAL costs participants may need to incur or that the College may need to acquire for the course to function properly.**

**Also additional information to better assess the course.**

*To all the recording artists, movie studios, and other copyright holders. Their creations have helped make file sharing networks as useful as they are today, so the next time you download a file that you find particularly useful, support your favourites artists, movies, authors, and so on by buying their products so they can continue to create more useful files that you and everyone else can enjoy for the future.*

## Course Outline
